

### The Internet's Largest Healthcare Career Center

With [over 150,000](#) registered healthcare users the MedCareers Network dominates the healthcare employment marketplace. This site was designed specifically for use by healthcare job seekers and healthcare employers with over 400 healthcare professions and specialties to handle the unique needs of healthcare professionals. We carry specific categories for job seekers to document state licenses as well as their board certification or eligibility. MedCareers.com was named a [CAREERROADS Top 50 Site](#) in 2002 and 2003 as one of the most appealing and easy to use on the Internet.

Since we launched MedCareers.com in [February 2000](#), our focus has been to make it easy to use by busy healthcare professionals. With our [2008 redesign](#), we continue to focus on usability in pursuit of *our* main job, delivering quality candidates to our clients.

### Cross Posting Network of Sites

One of our most powerful assets is our Cross Posting Network. MedCareers cross posts all jobs on MedCareers.com to a network of career and employment sites to maximize the exposure of our client's jobs

The jobs you post on MedCareers.com are made available across the entire Cross Posting Network - at [no additional charge!](#)

### Outstanding Site Traffic

MedCareers enjoys excellent traffic that has been steadily increasing since our launch in February 2000. This type of traffic is typically seen on general sites and is an outstanding achievement for a niche career center site! Our stats reflect a loyal (and growing) job seeker base that consistently returns to the site and use it fully.

#### 2007 Traffic Statistics (revised January 3, 2008)

Average Page Views/month: 248,153

### Rates and Services

If you have any questions regarding which plan is best for you, please email us at [sales@MedCareers.com](mailto:sales@MedCareers.com) or call us at [800.307.1038](tel:800.307.1038).
